

About St. Jude House

St. Jude House is family violence prevention center and shelter located in Crown Point Indiana, providing compassionate care and services to victims of domestic violence and/or sexual assault and their dependent children. Shelter and crisis intervention services are available 24 hours a day, 365 days a year, free of charge.

St. Jude House has a survivor led and trauma informed approach, with programming and services that include case management, legal advocacy, financial empowerment, domestic violence education, therapeutic children's programming, support groups and referral to local social service agencies and entitlement programs.

Services are available both residentially and non-residentially, as well as through the newly launched Mobile Advocacy program, which allows individuals to meet with advocates and receive services in safe public locations across NWI.

While domestic violence can happen to anyone at any time, regardless of age, race, gender identity, religion, or socioeconomic status, an estimated **95%** of those receiving services at St. Jude House are **economically disadvantaged women and their children.**

Since opening the doors in 1995, St. Jude House has served over **15,000** individuals with the goals of providing hope, healing and a future free from violence of any kind.
