

# GIVING HOPE. BREAKING THE CYCLE.

Domestic violence is a crisis that impacts every community – including our own.

**1 in 4 women and 1 in 7 men will experience intimate partner violence in their lifetime.**

Indiana ranks 5<sup>th</sup> in the nation for domestic violence incidences and Lake County consistently ranks among the highest in the state for domestic violence-related deaths.

Domestic violence not only endangers safety but also destabilizes families, creating barriers to financial independence, education, and emotional well-being.

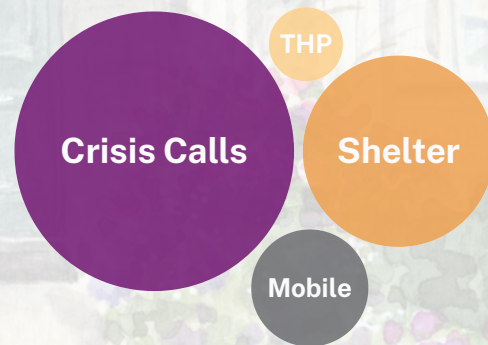

## OUR MISSION

At St. Jude House, our mission is to provide safety, healing, and hope to individuals and families affected by domestic violence.

## IMPACT

Last year, St. Jude House served **1,166** people through:

- **24/7 Crisis Line**
- **Emergency Shelter**
- **Mobile Advocacy**
- **Transitional Housing Program**

The majority of those we serve are economically disadvantaged women and children, seeking not only safety but also a pathway to independence and stability.

St. Jude House is more than a shelter – it’s a lifeline. Through comprehensive services, compassionate support, and community partnerships, we are breaking the cycle of violence. Survivors are finding safety today, and building stronger futures for tomorrow.

**Your support helps ensure that no survivor has to face abuse alone.**
